# BIG NUMBERS IN OUR SCHOOL

Count these items in your classroom. Estimate how many of them are in the entire school.

|   | <u>Number in 1 room</u> | X | <u>Number of Classrooms</u> | = | <u>Estimation</u> |
|---|-------------------------|---|-----------------------------|---|-------------------|
|  Wastebaskets  | _____                   |   | _____                       |   | _____             |
|  Flags         | _____                   |   | _____                       |   | _____             |
|  Teacher Desks | _____                   |   | _____                       |   | _____             |
|  Windows       | _____                   |   | _____                       |   | _____             |
|  Doors         | _____                   |   | _____                       |   | _____             |
|  Boys          | _____                   |   | _____                       |   | _____             |
|  Girls         | _____                   |   | _____                       |   | _____             |
|  Adults       | _____                   |   | _____                       |   | _____             |
| <b>Brain Teasers!</b>   |                         |   |                             |   |                   |
|  Gerbils     | _____                   |   | _____                       |   | _____             |
| Books   | _____                   |   | _____                       |   | _____             |
| Pencils   | _____                   |   | _____                       |   | _____             |
